Key Action Points

There are 12 key action points in the Young People's Action Plan 2009 - 2012. They set out the main issues facing local children and young people and outline the changes we want to put in place to improve work with children and young people and increase opportunities for them to get involved, have fun and lead healthy, happy and fulfilled lives.

The action plan at the back of the main document (available on www.sevenoaks.gov.uk/youngpeople) sets out how we will achieve these in more detail.

For more information about any of these or to give us your ideas on how you, your school or organisation can help the Council to deliver any of these action points, please send an email to youthmail@sevenoaks.gov.uk or contact the Council's Youth Development Co-ordinator on 01732 227000.

Key Action Point!
Increase the number of children in Year 6 accessing transition support projects
