Introduction

The Sevenoaks District Community Safety Partnership brings together all of the agencies in the District who can have an impact on crime, anti-social behaviour and the fear of crime. A list of partners is set out on page 24. The Partnership has three key aims. They are to:

- Reduce and detect crime
- Reduce anti-social behaviour and the fear of crime
- Strengthen community involvement

Each year the Partnership, in common with all of the Community Safety Partnerships in Kent, undertakes an assessment of crime and disorder in the District, using data provided by partners and feedback from residents. The assessment identifies the priority issues for the next year using the following rationale for each community safety type:

- Whether there is significant community concern
- Whether there is an increasing trend
- Whether it contributes to a high volume of crime
- The level of harm it causes
- How well it is performing compared with other parts of Kent
- Whether the Partnership can add value to the work

This Action Plan identifies where we can best work together to achieve results.

Priority issues for 2022/23

The Strategic Assessment was undertaken during the winter of 2021 and identified six priorities for the Partnership to tackle during 2022/23. The data referred to in this Action Plan is based on the Strategic Assessment, and uses data between 1 October 2020 and 30 September 2021, unless otherwise stated. Trends in the identified priorities continue to be monitored on a quarterly basis and the first monitoring will be available in July 2022.

The six priorities, as ranked in the Strategic Assessment, are:

- Serious and Acquisitive Crime including crime trends
- Drug Misuse and County Lines¹
- Anti-Social Behaviour including Environmental Crime & Rogue Trading
- Domestic Abuse
- Violence against Women & Girls including Stalking & Harassment
- Safeguarding (including Mental Health, Prevent, Human Trafficking, Modern Slavery, CSE (Child Sexual Exploitation), Vulnerable Adults and Protecting Children)

Although the Partnership's main focus will be the six priorities, it will continue to monitor and plan for trends in crime and other community safety issues and address them through the Community Safety Unit's daily briefings and other tasking arrangements in order to reduce recorded crime.

The Action Plan

The following pages set out the overall targets for the Community Safety Partnership. The Action Plan does not include details of the numerous activities already undertaken by partners, town and parish councils, the voluntary sector and others as part of their day-to-day work, but highlights activities in addition to core work, which partners will undertake throughout the forthcoming year. All priorities include actions around public perception and reducing repeat offenders/victims.

¹ County Lines refer to organised ways of dealing drugs

Funding and monitoring

Funding for the actions including within the Action Plan is available from a number of sources, including partners' own budgets, Police & Crime Commissioner's (PCC) funding which is allocated to district Community Safety Partnerships, Choosing Health funding and other small amounts of funding from a variety of sources.

Regular monitoring will take place to ensure that individual projects continue to deliver positive results as well as value for money and that this Action Plan is on target.

Equalities

In preparing the action plan, issues such as equality and diversity were considered to ensure that everybody feels safe in the District.

Serious & Acquisitive Crime including Crime Trends

Criminals behind serious and tactical crime often intimidate and create fear, which is intended to prevent the local community reporting what they see. Often the criminals behind this don't even have to try hard to do this – instead relying on word of mouth and reputation. Over the past year, Organised Crime Groups (OCGs) and crime trends has seen a more targeted approach by Partnerships. The most common crime types associated with these groups is commonly organised theft.

Acquisitive crime consists of Burglary (Residential and Commercial and Business) and Vehicle Crime (Theft of and Theft from – TOMV and TFMV). Although there have been rises and falls throughout the time period, the number of reported crimes are relatively low, but they do sit high in County comparisons. These types of crime have a high impact on the local community. There were decrease in both Burglary types. Burglary Residential from previous year (Oct 2020- Sept 2021) of 112 reported crimes 493 to 381 and a decrease of 87 reported crimes in Burglary Business & Commercial from 208 to 121. Theft from motor vehicle saw a decrease of 91 reported crimes from 471 to 380 as well as Theft of Motor Vehicle from 270 to 246, a decrease of 24 reported crimes.

Anti-Social Behaviour including Environmental Crime

Anti-Social Behaviour (ASB) accounts for the second largest recorded issue when compared to individual crime types in the District and makes up 23% of the total recorded figures when included in crime statistics. Figures show 2143 recorded incidents of ASB occurring within the District were reported to Kent Police. The District had the second lowest number of ASB reports in Kent and saw a decrease of 4.4% (98 reports).

Recorded incidents of anti-social behaviour were slightly lower in the period from October 2020 - September 2021. The total number of ASB reports received by the Council during October 2020 and September 2021 equals 53 calls. This is 45 less calls than the same period last year, when 98 calls were received, which equates to a 54% decrease in calls received. Swanley White Oak had the highest number of reports of anti-social behaviour to the District Council with 11. Westerham and Crockham Hill are 2nd highest with 5.

The highest type of anti-social behaviour reported is Nuisance Behaviour with 25 reports. This is followed by reports of Drugs misuse and dealing and vehicle related nuisance. Calls by type are always higher than reports received as residents can report more than one type at a time.

During the period of October 2021 and September 2022, 20 Anti-Social Behaviour warning letters and 3 Acceptable Behaviour Agreement contracts were issued to named individuals. 1 Acceptable Behaviour Agreement Breach letter was also served. There have been 12 Community Protection Warnings served and 2 Community Protection Notices served.

Of the Service Requests received by Sevenoaks, 1,048 relate to matters associated with anti-social behaviour (accumulations of rubbish, animal welfare, dog fouling, noise and nuisance). This is 428 fewer complaints than during the same period in 2019/2020.

Sevenoaks District Council Direct Services

For the requested reporting period there were a total of 1417 fly tipping offences reported, which is an decrease from last year of 96 (6.8%). The illegal depositing of waste is predominantly in the North of the District

KCC Community Wardens

A valued element of the Community Warden role remains the uniformed presence which helps build community confidence and reassurance by reducing crime, the fear of crime, deterring ASB, improving access to local authorities and fostering social inclusion.

Whilst the role of the Community Warden is ever evolving, their over-riding objective remains 'to create safer and stronger communities'. They work closely with/on behalf of other operational units within KCC and Community Safety Partners to address a wide range of issues

Domestic Abuse

Please note: Domestic Abuse incidents are not reported as violence against the person. If there has been no violence recorded. For example, if there was a verbal altercation, this would be recorded as a Domestic Abuse Incident and not Violence against the Person and that is why the numbers are different.

It is important to remember that these figures are only representative of domestic abuse that was reported to the Police and it is widely recognised that there is a figure of domestic abuse, which remains unreported. The Domestic Abuse Act 2021 gained royal assent in April 2021 which gave more powers and increased responsibility to the Police, Courts and local authorities for the protection of victims of domestic abuse.

Domestic abuse incidents in the Sevenoaks District have increased by 64 crimes (2.7%). The District has the lowest number of Domestic Abuse incidents (2472) compared to being the second lowest in the same period last year.

Sevenoaks District Council and CSP fund a number of projects to address Domestic Abuse. These are:

- 12 week Freedom Programme runs 6 x a year including 2 evening sessions and 3 x 12 week Recovery Tool Kit, which is a follow on from the Freedom programme. On average 8-10 women attend these programmes. The programmes continued to run online for 2020-21.
- Community Domestic Abuse Perpetrators Programme runs weekly on a Wednesday evening. For this time period the programme is run online with an average of 8 men attending weekly. The programme is a rolling programme that runs for 27 weeks.
- DAVSS (Domestic Abuse Voluntary Support Services) which provides service for low and medium risk victims. In the period 1 October 2020 to 30 September 2021, they supported the following number of people in the Sevenoaks District – previous assessment have shown West Kent Statistics.

Safeguarding including Young People, Vulnerable Adults, Child Sexual Exploitation, Modern Slavery, Human Trafficking, Prevent, Care Act and Mental Health

Safeguarding includes Young People, Vulnerable Adults, CSE, Modern Slavery, Human Trafficking, Prevent, Care Act, Missing Children and Mental Health.

Legislation places a statutory duty on local councils as well as some of the other partner agencies to protect the vulnerable under these crimes. It is also a major contributor to the Kent Police Strategy. The above are a community concern.

Counter Terrorism – Prevent Strategy

In the last two financial years 5% of Dovetail referrals discussed at the Kent Channel panel have been of Sevenoaks residents, with a 50/50 split between adults and children. All were male and referral and adopted case numbers remained the same in both years. Ideology of referrals has been split 50/50 between Unclear and Right Wing Terrorism (RWT).

Human Trafficking and Modern Slavery

For the period of 01/10/20 - 30/09/21, Kent Police recorded 5 Modern Slavery & Human Trafficking related investigations in the Sevenoaks District.

The investigations related to 3 male victims and 2 female victims. All were foreign nationals - 2 Chinese males, 1 Ethiopian male, 1 Moroccan female and 1 Eritrean female.

2 victims were subject of potential labour exploitation, 1 of potential domestic servitude. Exploitation type was unknown for the remaining 2 victims.

All investigations are now filed and no charges were made in connection with these matters.

Child Sexual Exploitation (CSE)

According to Kent Police there were 1 reports of CSE in the Sevenoaks District, but was linked to 11 crime reports. These are centred on an area in Edenbridge where one male is alleged to have groomed young girls by giving them drugs and having sex with them. All cases have been filed, insufficient evidence.

Vulnerable Adults

During the period of 15 October 2020 – 30 September 2021 the PCSO for Vulnerable Adults has dealt with approximately 30 vulnerable persons age ranging from 25 to– 88 yrs. Of which 19 were female and 11 male.

Vulnerable Young People

The PCSO for Vulnerable Young People was able to go back into schools from September 2020 – December 2020, but then due to another lockdown did not go back in until after Easter in April 2021. However they linked in with schools across the District. Visiting all primary, secondary and private schools to introduce themselves.

They have worked with over 40 young people who have needed additional needs and this could be from anti-social behaviour, school exclusions and missing children. Kent Police are employed Schools Officers and there should be 2 for the District. We are waiting allocation of this and we are hoping this will be in early 2022.

There were 560 referrals of safeguarding (all years to KCC) from 1 October 2020 to 30 September 2021. This has gone up by 2% since the same period last year. The number of adults that accessed mental health services in the District was 582 an increase of 65 compared to the same period last year.

Violence against Women & Girls (VAWG) including Stalking & Harassment

The Violence against Women and Girls (VAWG) agenda has been a big part of 2021 the Policing Strategy and community concerns, especially since the murder of Sarah Everard, by a Police Officer in March 2021.

Also increased in VAWG is Stalking & Harassment, which highlights excessive intimidation towards women and girls. There were 1129 reports to Police of Stalking and Harassment for Sevenoaks District. This is an increase of 213 compared to the same period last year (Oct 2019– Sept 2020).

The CSP funds PAS (Protection against Stalking). From April 2021 – 30 September 2021 there were 88 reports of stalking for the Sevenoaks District to PAS. PAS also support the Cyber café which supports all victims of stalking. The café is held on a monthly basis.

Drug Misuse & County Lines

Drug offences have slightly increased from 176 to 186 an increase of 10 reports. The District remains the lowest in the County for Drug reports. There is a high number that is also under reported of drug offences.

There has been an increase of young people using cannabis Kenward Trust is funded by the CSP and continue to do outreach work across the District. Our focus in 2022/20223 is to support young people caught up in exploitation, grooming and gang culture. With the continued work of reducing ASB and Substance misuse the teams see around 300 young people each quarter and build up good relationships with hard to reach young people.

The team went to all locations that was identified by the CSU to support the young people. The 1-2-1 work has started to show great outcomes. Kenward Trust are looking for a specialist worker will hold a young person for 6 to 8 weeks.

CGL work closely with a range of partner agencies to improve outcomes for substance misusers. Greensands, a supported housing project in Sevenoaks, is assisted by CGL through the provision of group work and peer support to residents for their substance misuse. A joint working programme has also been developed with West Kent Mind to deliver CGL programmes on a weekly basis and a bi-weekly drop in and referral service for Mind service users. This will facilitate better access to drug and alcohol services for these clients.

Addaction are commissioned by Public Health to deliver services to young people.

County Lines

Over the past year there has been a number of County Lines identified in the District, which is naturally linked to gang and gang culture, which is seen by some young people as a “status”. The CSP has been working with the Violent Reduction Unit in working with young people in County Lines and support groups that can be referred to.
