

Statement of Intent for ECO4

ECO4 Flexible Eligibility Statement of Intent

Local Authority name: Sevenoaks District Council

Publication Date: 15/08/2022

This statement sets out Sevenoaks District Council's flexible eligibility criteria for the Energy Company Obligation (ECO4) scheme from April 2022 – March 2026.

The ECO4 scheme will focus on supporting low income and vulnerable households.

The scheme will improve the least energy efficient homes helping to meet the Government's fuel poverty and net zero commitments.

The flexible approach for Local Authorities (LAs) to identifying fuel poor and vulnerable households who may benefit from heating and energy saving measures is referred to as "ECO4 Flex".

The Council welcomes the introduction of the ECO4 Flex eligibility routes as it helps the Council achieve its plans to improve the homes of those in fuel poverty or vulnerable to the cold.

The Council is publishing this Statement of Intent (SOI) on the 15/08/2022 to confirm that each of the households declared will adhere to at least one of the four available routes outlined below:

Route 1

SAP bands D-G households with an income less than £31,000. This cap applies irrespective of the property size, composition, or region.

Route 2

SAP bands E-G households that meet a combination of two of the following proxies, please note Proxies 1 and 5 cannot be used together.

Proxy 1:

Homes in England in Lower-Layer Super Output Area 1-3 (LSOA) [The English Indices of Deprivation 2019 \(publishing.service.gov.uk\)](#), or homes in Welsh provision LSOA 1-3 on the Welsh Index of Multiple Deprivation 2019 [Welsh Index of Multiple Deprivation \(full Index update with ranks\): 2019 | GOV.WALES](#), or the Index of Multiple Deprivation for 2020, published by the Scottish Government [Scottish Index of Multiple Deprivation 2020 - gov.scot \(www.gov.scot\)](#)

Proxy 2:

Householders receiving a Council Tax rebate (rebates based on low income only, excludes single person rebates).

Proxy 3:

Householders vulnerable to living in a cold home as identified in the National Institute for Health and Care Excellence (NICE) Guidance. Only one from the list can be used, excludes the proxy 'low income'.

Proxy 4:

A householder receiving free school meals due to low-income.

Proxy 5:

A householder supported by a LA run scheme, that has been named and described by the LA as supporting low income and vulnerable households for the purposes of the National Institute for Health and Care Excellence (NICE) Guidelines.

Proxy 6:

A household referred to the LA for support by their energy supplier or Citizen's Advice or Citizen's Advice Scotland, because they have been identified as struggling to pay their electricity and gas bills.

Route 3

SAP bands D-G households that have been identified by their doctor or GP as low-income and vulnerable, with an occupant whose health conditions may be impacted further by living in a cold home. These health conditions may be cardiovascular, respiratory, immunosuppressed, or limited mobility related.

This is because the Council has identified a positive correlation between households who suffer from long-term health conditions and living off a low-income, with living in poorly insulated homes.

Route 4

SAP band D-G households that are referred under Route 4: Bespoke Targeting. Suppliers and LAs can submit an application to BEIS where they have identified a low income and vulnerable household, who are not already eligible under the exiting routes.

Declaration and evidence check confirmation

All potentially eligible households should apply through Sevenoaks District Council or one of their approved ECO installers to ensure that they can either benefit from the scheme or be assessed for eligibility under any other relevant programme.

The officer below will be responsible for checking and verifying declarations and associated evidence submitted on behalf of the local authority:
