### Description

Information on the energy efficiency of housing data.

Terms and Conditions

Notes

### Energy Efficiency of housing for all dwellings up to financial year ending March 2022

[Table 1a](#)

Median energy efficiency score by middle layer super output area, England and Wales, up to financial year ending 2022

[Table 1b](#)

Percentage of dwellings with EPC Band 'C' or above, by middle layer super output area, England and Wales, up to financial year ending 2022

[Table 1c](#)

Median environmental Impact score by middle layer super output area, England and Wales, up to financial year ending 2022

[Table 1d](#)

Median estimated Carbon dioxide (CO<sub>2</sub>) emissions (tonnes/year) by middle layer super output area, England and Wales, up to financial year ending 2021

[Table 1e](#)

Percentage of dwellings by main fuel type or method of heating used in central heating by middle layer super output area, England and Wales, up to financial year ending 2022

### Energy Efficiency of housing for all new and existing dwellings up to financial year ending March 2022

[Table 2a](#)

Median energy efficiency score for new and existing properties, by middle layer super output area, England and Wales, up to financial year ending 2022

[Table 2b](#)

Median energy efficiency score, by property type (house/flat) for new and existing properties, by middle layer super output area, England and Wales, up to financial year ending 2022

[Table 2c](#)

Median environmental Impact score for new and existing properties, by middle layer super output area, England and Wales, up to financial year ending 2022

[Table 2d](#)

Median estimated Carbon dioxide (CO<sub>2</sub>) emissions (tonnes/year), for new and existing properties, by middle layer super output area, England and Wales, up to financial year ending 2022

[Table 2e](#)

Percentage of dwellings by main fuel type or method of heating used in central heating, for new and existing properties, by middle layer super output area, England and Wales, up to financial year ending 2022
